# Welcome to HYDERABAD

The capital of the state of Andhra Pradesh, Hyderabad is the fifth largest city in India with an ancient civilization and culture. Attached to the city is its twin, Secunderbad, which is part of Hyderabad. The twin cities of Hyderabad and Secunderbad are separated by the Husain Sagar.

Hyderabad was founded in 1591 and planned as a grid with the Charminar at its center. It has now grown well beyond the confines of the original walled city, to include a new town north of the Musi river, the Military Cantonment at Secunderabad and a burgeoning high-tech Estate, nicknamed "Cyberabad". The city's sights include the grand palaces of its erstwhile rulers, the Nizams, and the colourful bazaars and mosques of the old city, Birla Temple, Salarjung Meuseum,Chiluku Balaji Temple,Nehru Zoological park, Buddha Poornima and many more.

On recent years.....

The pace of development has played a major role in attracting overseas investors. The growth rate is phenomenal here.

In 1995, AP was ranked 22nd on the list of states that could boast of good infrastructure and other industry-friendly factors. By the turn of the millennium it climbed up the charts to the third position, and is now working towards the **NUMBER ONE** position.
