Know about Rotaract

Rotaract originally began as a Rotary International youth program in 1968 and has now grown into a major Rotary-sponsored organization of over 9,030 clubs spread around the world and 207,690 members. It is a service, leadership and community service organization for young men and women between the ages 18–30. Rotaract focuses on the development of young adults as leaders in their communities and workplaces. Clubs around the world also take part in international service projects, in a global effort to bring peace and international understanding to the world.

"Rotaract" stands for "Rotary in Action", although the name originally comes from a combination of "Rotary" and "Interact" (International + Action), the high school level program created by Rotary International in 1962.

Most Rotaract activities take place at the club level. Rotaract clubs hold formal meetings, usually every two weeks, which feature speakers, special outings, social activities, discussions or visits to other clubs. Club members get together on designated days for service project work, social events, or professional/leadership development workshops.

The purpose of Rotaract is to provide an opportunity for young men and women to enhance the knowledge and skills that will assist them in personal development, to address the physical and social needs of their communities, and to promote better relations between all people worldwide through a framework of friendship and service.

To be eligible for membership, prospective members must be 18–30 years of age, show that they are committed to Rotaract, and show that they are of good standing in the community. After being approved by the club, prospective members are 'inducted' to become members, also known as 'Rotaractors'.

Rotaract District Organization

Rotaract came to India, even to Asia in the year 1968 with the Rotaract Club of Secunderabad, being chartered on 2nd April, 1968 from Rotary International District 3150. This is the first Rotaract club to be chartered from Asia.

Today there 63 Rotaract clubs in the Rotary International District 3150 which are sponsored by various Rotary clubs. The District comprises of 3 Regions namely Twin Cities Region, Telangana Region and Guntur & Prakasam Region.

Our Parent Rotary

Rotary Club of Secunderabad Sunrise (RCSS),

Rotary is symbolic with service – in the community, in the workplace, and throughout the world. Rotarians develop community service projects that address many of today's most critical issues, such as children at risk, polio, poverty and hunger, the environment, illiteracy, and violence. They also support programs for youth, educational opportunities and international exchanges for students, teachers, and other professionals, and vocational and career development. The Rotary motto has always been Service Above Self.

Our parent club, **Rotary Club of Secunderabad Sunrise (RCSS)**, is a relatively new entrant into this wonderful movement, and in the short span of about four years, has contributed significantly to the community through several service projects. RCSS is one of the youngest clubs in District 3150 with the members in the average age of 40 years. RCSS symbolizes the values of togetherness and fellowship, and these virtues have made the members stand up and be counted at all times of need.
