### REPORT ON SPEAKER MEETING HELD ON 24.11.2007

Speaker meeting was held on 24.11.2007. Dr. Bhavani Prasad, Proprietor of Sichi Bio Technology spoke on the topic Spirulina. Dr. Bhavani Prasad gave extensive details of "How to grow Spirulina and the benefits of Spirulina for improving the health of man kind". It was amazing to know that Spirulina can be consumed in the raw form as well as in form of capsules. Spirulina contains everything required for health except vitamin-C. It is heartening to note that thin people can put on weight and fat people can shed fat by consuming Spirulina. He clarified all the doubts raised by the Rotarians and made the interactions very lively and purposeful.

Rtn. George proposed vote of thanks.
